BoF: CHPC Users Forum

Thursday, 7 December 2023 13:30 (1h 30m)

The CHPC Users Forum Birds-of-a-Feather (BoF) aims to bring all users of CHPC resources together with the following aims:

- Sharing information on the usage of CHPC compute resources over the past 12 months;
- Announcing anticipated updates to infrastructure and services;
- Providing an opportunity for users to meet and engage with CHPC personnel;
- Discuss topics and questions from the user community;
- Etc...

All users are kindly invited and encouraged to attend, this includes users of the CPU, GPU and the Cloud resources at the CHPC.

Short overview presentations will be presented, but the bulk of the time will be focused on informal engagement with the user community.

Looking forward to seeing you at the BoF!

Student or Postdoc?
