CHPC PI's and Users BoF

Wednesday, 5 December 2018 15:30 (1 hour)

All CHPC Principal Investigators (PI's) and Users (and prospective new PI's and users) are encouraged to attend this Birds-of-a-Feather (BoF) session.

Werner Janse van Rensburg will give an overview of usage patterns, research programme distributions and overall usage statistics of the CHPC Lengau cluster over the past 12 months.

In addition, discussions will focus on aspects such as:

Registration procedures, user accounts and policies

Storage (Lustre and Home)

Job Queues

Allocation Evaluation and CPU Hour Allocations

New GPU Cluster

Queries and Helpdesk

Etc.

This will be a good opportunity for attendees to ask questions and meet with CHPC staff members in an informal setting.
