INDUSTRY CROSSFIRE: Market Update: HPC, Hyperscale, and AI

Monday, 3 December 2018 15:30 (1 hour)

Fresh from the SC18 conference, Addison Snell of Intersect360 Research will give a market overview presentation of developments and predictions for HPC, Hyperscale, and AI. Views will include the latest market forecasts, and a rundown of the big news from SC18 — what was hot, and what was not.

```
Following the presentation, Addison will transition directly into the fast-paced CHPC Vendor Showdown pane
```
