

Contribution ID: 91

Type: **Poster (Chemistry SIG)**

## **REDOX behaviour of Metal-beta-diketonato Complexes: A Frontier Molecular Orbital Energy approach**

### **Presenter Biography**

**Primary author:** CONRADIE, Jeanet (University of the Free State)

**Presenter:** CONRADIE, Jeanet (University of the Free State)

**Session Classification:** Chemistry and Material Science SIG Seminar

**Track Classification:** Chemistry and Material Science SIG Seminar
