Benchmarking off-the-shelf radio astronomy software on Lengau

Tuesday, 3 December 2019 13:50 (20 minutes)

MeerKAT, one of the world's most powerful radio telescopes in operation today, is producing science-ready data into the now public-facing archive at a steady rate. In this talk, we will assess the performance of off-the-shelf tools for post-processing and imaging MeerKAT data on Lengau.
