TVET Connectivity Project

Tuesday, 5 December 2017 11:30 (30 minutes)

SABEN is a non-profit focused on ending bandwidth poverty among South Africa's schools and colleges. It collaborates with the South African National Research and Education Network (SANReN) and procures services from the Tertiary Education and Research Network of South Africa (TENET) to provide high capacity bandwidth for schools networks and colleges. SABEN also offers other over-the-network services such as hosting, VOIP and video conferencing services.
