CHPC Industry Engagement Meeting

Thursday, 7 December 2017 09:00 (20 minutes)

The CHPC's non-academic users are invited to the annual industry engagement meeting, to be held on the morning of 7 December, with informal discussions to be continued during lunch. The purpose of the meeting is to touch base with existing non-academic users, discuss common points of interest and to inform prospective new commercial users. The meeting will consist of a presentation by CHPC staff, followed by brief presentations by users and a group discussion. The intention is for the CHPC to learn from the users' experience, and to inform the users of future plans.

HPC content

Industrial and non-academic use of HPC.
